

Ceresit Ceretherm System

CLASSIC WOOL

Breathable and A2 class fire resistant system with soundproof properties. It offers high insulating performance and a healthy living environment. Thanks to very high vapour permeability this insulation system is a perfect solution especially for all applications exposed to higher humidity and danger of biological contamination.

Characteristics

- high vapour permeability
- durability
- BioProtect formula strengthened by high pH - high resistance to biological contamination
- flexibility and resistance to mechanical damage
- soundproof (mineral wool)
- natural - eco wool plates and silicate plaster
- very good working parameters

Recommended substrates: wood skeleton walls with cement fibres boards, aerated concrete (dry) poorly ventilated, aerated concrete (wet) and silicate bricks

Recommended buildings: single family houses, blocks of flats up to 11 floors, blocks of flats above 11 floors and public buildings (especially schools, hospitals, theatres)

Especially recommended for: buildings located close to forests, buildings located in high air humidity areas, public buildings with high risk of biological contamination

1. Fixing	Ceresit 180 MW STRONG FIX Adhesive Mortar for Mineral Wool or Ceresit CT 190 MW FLEX Adhesive and Reinforcing Mortar for Mineral Wool, anchors Ceresit CT 335 with a steel core or others classified as ETAG 014, number of fasteners and their arrangement should be determined by an architect, based on the substrate analysis and load calculations
2. Insulation material	mineral wool with a disturbed fibre layout or mineral wool with lamella fibre layout (so-called lamella wool) classified as EN 13162:2001
3. Reinforced layer	Ceresit CT 325 Glass fibre mesh with a density of 145 g/m ² and above, Ceresit CT 190 MW FLEX Adhesive and Reinforcing Mortar for Mineral Wool
4. Priming paint	Ceresit CT 15 Silicate Paint for silicate plasters, Ceresit CT 16 Acrylic Paint for mineral, silicate-silicone and silicone plasters
5. Plaster	Recommended: Ceresit CT 72 'stone', Ceresit CT 73 'rustic' Silicate Plasters Ceresit CT 35 'rustic', Ceresit CT 137 'stone', Ceresit CT 34 Mineral Plasters, Ceresit CT 74 'stone', Ceresit CT 75 'rustic' Silicone Plasters, Ceresit CT 174 'stone', Ceresit CT 174 MACHINE, Ceresit CT 175 'rustic' Silicate-Silicone Plasters
6. Paint	Ceresit CT 48 Silicone Paint, Ceresit CT 54 Silicate Paint, Ceresit CT 49 Silix XD® Nanosilicone Paint
